

LOUISVILLE & NASHVILLE RAILROAD COMPANY

Monday Am just a few minutes before train time

Darling Family -

IN YOUR REPLY REFER TO DATE AND FILE NO.

Received your letter this morning and I sure enjoyed it. Almost felt like kissing it as I walked along the street reading it. Thought so much of it I hasten to answer before I leave on this train I am going to Echridge, then down to Iron City and then home will be gone for 3 or four days. If you can sell house don't worry about a house down here as we will get one. Right now I am a little choiced do not want to pay \$1000 unless can get something ^{at} nice and cheap rate. But I do not believe you can sell to anyone until the winter looks better then you won't have any trouble. Take a good round of Hills Casca and they worked

like a charm so I feel like a new
man this morning. Looks like
the auto business is going to slow
up early this year so go slow on
expenses. Enclosed find \$50.00

Kiss all the babies for me and
tell them daddy loves them
heaps. Tell them it won't be
long till they are in old Tenn.
and you sweetheart I love
you bushels and bushels
and could sit up all
night long telling you so.
I also had a pleasant dream
about you honey

Train here

Bye Bye,

Berma
