Dear Honey -

Tonight I feel rotten. Saw a picture show "Sap" and it was of a dreamer who always had marvelous ideas and they never panned out. He was a failure. From the scarcity of orders I am a failure for getting business on this trip. If Mrs. Rhulander ever shows the "Sap" be sure to see it as it is a fine picture. You can see my life all through it. Only he finally got rich quick.

Darling I don't blame you for getting discouraged with me as you have been disappointed so much. But as long as you

love me and do not let your  
love grow cold. I am worried  
along making failures. For to  
me your love is the only thing  
that really counts. If I were  
to loose it and gain a million  
what good would the million  
be to me. But. If I can get

the million then you would  
snuggle up just as close as  
ever, because then there would  
be no worries over the bills,  
or trucks or beans.

I am now in Worcester Mass.  
and got a little order here  
for 100<sup>00</sup> worth ladder rungs.  
From here I go to Albany N.Y.  
and then Friday or Saturday  
down to New York City.

If you could only meet me  
there and spend Sunday with  
me, it would be heaven.

When you hug and love Nelle  
Dear think of me and give
